## About the College – A synonym for quality teacher education

St. Joseph's College of Education was established in 1971 as one of the pioneer institution in the field of teacher education by the late Bishop of Mysore; the Most Rev. Dr. Mathias Fernandez. It is owned and managed by the Mysore Diocesan Education Society of Mysore with the prime objective of preparing efficient and committed teachers for our country. The college was established on the firm foundation of the motto of 'Love, Loyalty and Service' through Divine Illumination. The college strives to develop itself into a world-class centre of Teacher Education with a difference.

The college is affiliated to the University of Mysore and is recognized by UGC under section 2(f) and 12(B) of the act and also by NCTE. The college is accredited with B++ grade by NAAC in the year 2016. The college is a co-educational institution with the intake of 100 students offering English, Kannada, History, Commerce, Physics, Mathematics, Biology and Chemistry subjects as methodology. The B.Ed. degree examination results have been quite impressive throughout. By the high standard it has set up, the college has earned a name for itself in the State of Karnataka and the country as a whole. The college, which has successfully completed 49 years of yeomans service, has entered its Golden Jubilee year.

The teaching, extension service and consultancy provided in the college aims to generate a new work culture for improving the practices of education. The institution utilizes all the available resources for experimentation and innovation, which lend a hand in achieving and sustaining excellence in teacher education.

## **A Report on TECH SAVVY – 2020**

***A Peer Tutoring Programme on Video recording & Editing  
(For I Years)***

**From 18th November 2020 to 20th November 2020**

Under IQAC of the college, the 1<sup>st</sup> year students of B.Ed. organized the “TECH SAVVY” Programme. It was peer group tutoring on video recording and video editing.

With the support of the Principal, Priya Mathew and staff members of St. Joseph's college of education Mysuru, students got an opportunity to learn about this through Online.

‘TECH SAVVY’ was held for 3 days, from 18<sup>th</sup> November 2020 to 20<sup>th</sup> November 2020.

From the 1<sup>st</sup> year 6 volunteers took initiative to help other students to learn how to record and edit the video by using their mobile phone.

At first, Questionnaires which was prepared by 2<sup>nd</sup> years by using Google form circulated to the students and surveyed learners to know about their previous knowledge regarding recording and editing.

According to this the volunteers were divided learners into two groups- Tech savvy English, and Tech savvy Kannada.

Three volunteers took initiative in Tech savvy English group and other three volunteers in Tech savvy Kannada group.

From 18<sup>th</sup> November 2020 to 20<sup>th</sup> November 2020, link has been sent to the learners according to their groups at 2:00 pm.

On the **day one**, In Tech savvy English group Sr. Bincy Manuel, Mr. Alfred Vivek Joseph and Mrs. Divya. B. R

In Tech savvy Kannada group Ms. Rachel.C, Ms. Hemavathi.R., and Ms.Umashree. B.

- Taught the learners how to download the YouTube video for class.
- Taught how to record the video without anybody's help.
- Taught how to record the class using phone default application.

On the **day two**, all the six volunteers in their respective groups.

- Taught how to record the class using 'SCREEN RECORDER' application, which was told before to the learners to install this application.
- Clarifying the doubts about previous class and present class.

On the **day three**, all the six volunteers in their respective groups

- Taught how to edit the class video using 'KINEMASTER' application, with different editing options such as cropping, adding a new video, using ppt in the video, using text language, using different backgrounds.
- Taught how to add background music and
- Taught how to save the video.

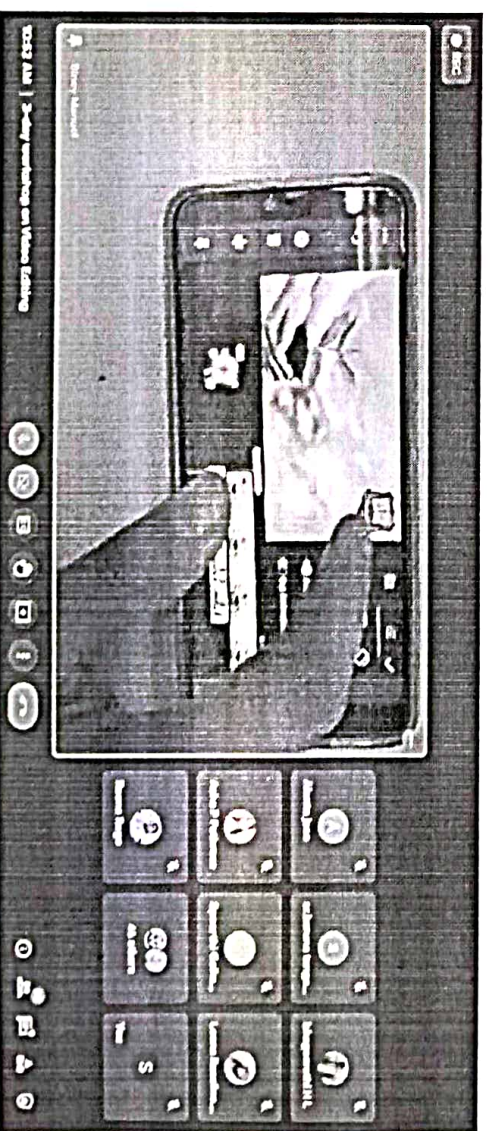

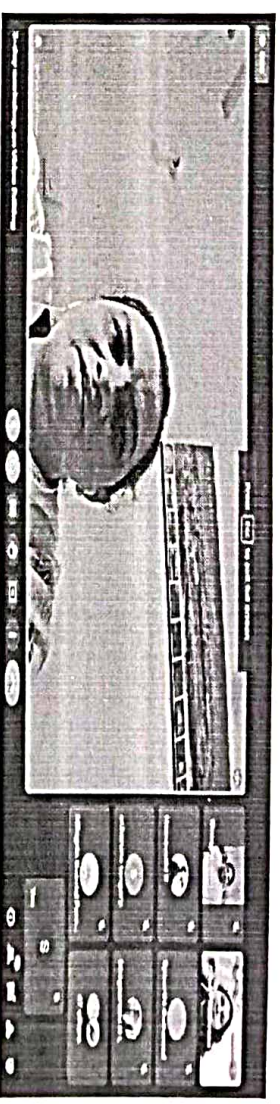

And that's the last day of our TECH SAVVY programme and we recap all the 3 days lessons and clarify all their doubts.

At last the principal Dr. Priya Mathew spoke a few words about TECH SAVVY programme and she advice and encourage the learners to utilize this programme for their future use.

After the programme, the certification of participation was issued for learners and certificate of appreciation for volunteers.

The webinar started at 10:30 am with a short prayer. The inaugural address was delivered by Mr. Seby Maveli, CEO of Training and Development, MDES.

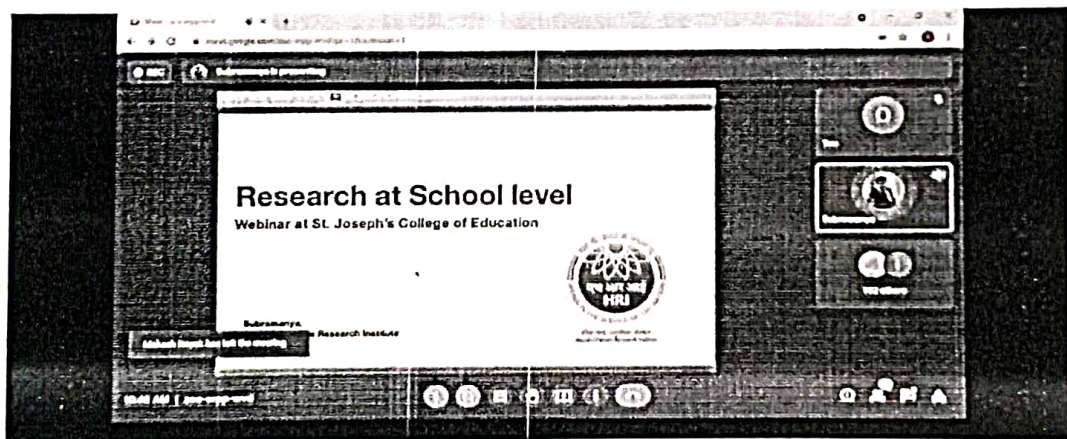

Mrs. Shalom Sannutha, the coordinator of this webinar introduced the speaker to the virtual gathering.

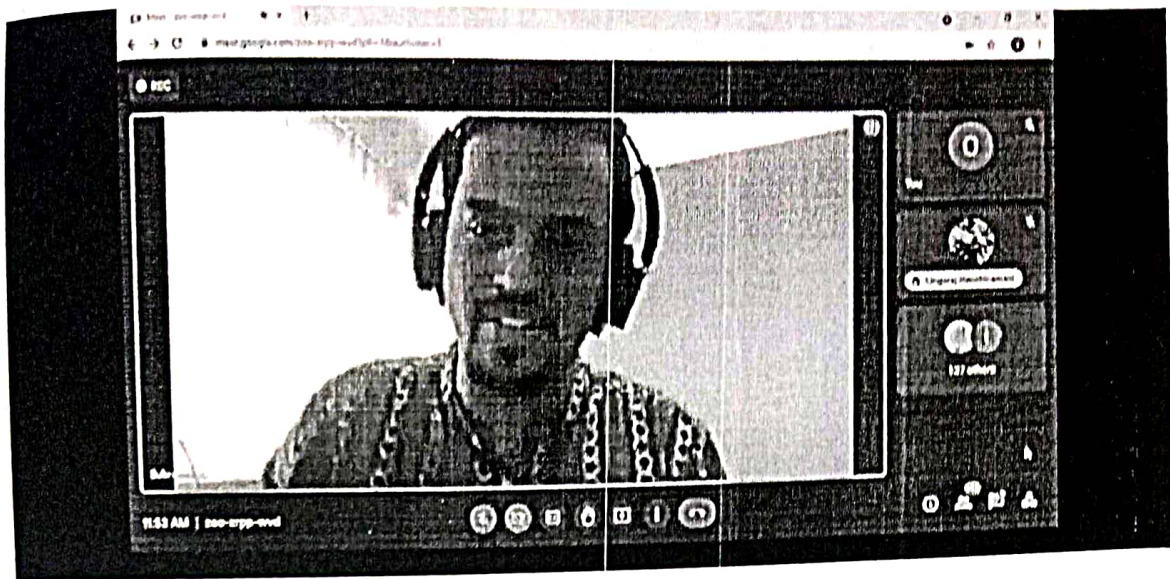

The speaker started off with sharing his school experiences. Eventually he put forth certain questions so as why our country lags behind and has inadequacy in scientific research, and why India didn't receive any noble prizes in science after CV Raman.

Further, he answered these questions and gave a few suggestions of how scientific research can be made adequate.

He quoted that students should be slowed to think curious and it is the duty of the teacher to create critical awareness at the school level. He emphasised the importance of libraries , books and laboratories.

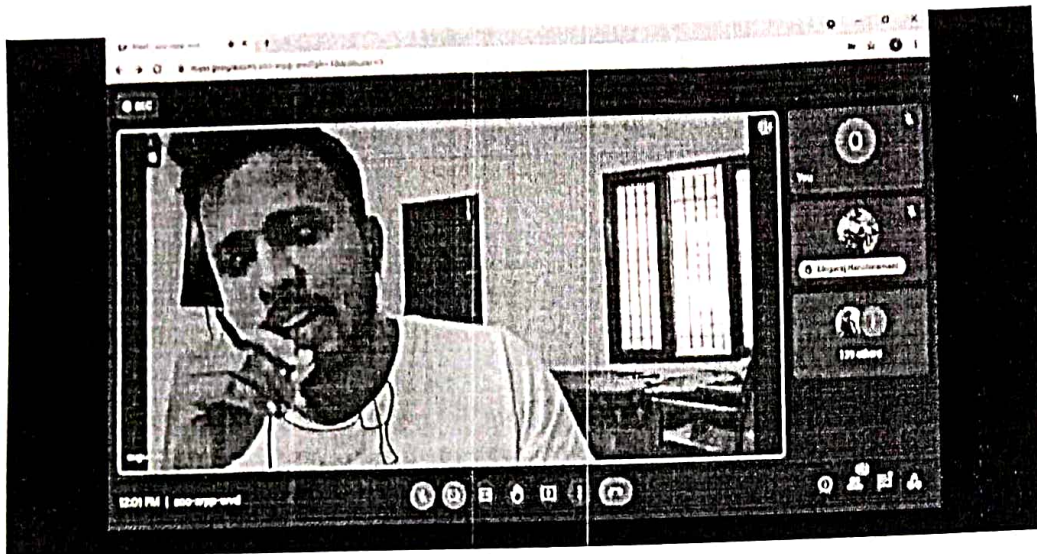

He gave an idea of how students can be motivated , "The most fruitful way of motivating them to study science is by making them realise the ability if science to make this world a better place"

Also, " Science relies on questioning and it all relies upon the friendly nature of the teacher, to encourage students to pose questions"

He made us aware about the role of a teacher in encouraging the scientific thinking in students.

He answered the question raised by the participants and had a very good interaction with the participants.

The session ended with a gratitude to the speaker as well as the organising committee.

The venture was successful, of course it was a wonderful learning experience and the need for the hour for all the emerging teacher fraternity.

The One-Day National Webinar organised by Internal Quality Assurance Cell (IQAC), St. Joseph's College of Education, Jayalakshmipuram, Mysore, on the topic – *AN EDUCATIONAL LEAP WITH ARTIFICIAL INTELLIGENCE*-started off at 10.30 am by invoking the presence of God. Mrs. Asha P Pathrose, IQAC Co-ordinator and Program Co-ordinator, welcomed the virtual gathering

and introduced the Resource Person, Ms. Merrilyn Felix, Head of Process and Training at Sunday Mobility, Project Manager at Neeli Tech, to the gathering.

With much respect, Mr. Seby Mavely, CEO, Training and Development, MDES, delivered the inaugural address by setting a positive tone for the success of the webinar. He pointed out the effective and productive approach of artificial intelligence in education, where it enables each one of us to think out of the box. He also mentioned about the small steps taken by the institution to explore more interesting pedagogical pathways for the educational excellence.

The main talk marked its beginning at 10.47 am. The resource person, Ms. Merrilyn Felix, began the talk by appreciating the organisers of the webinar. The session centred on the implementation of Artificial Intelligence in Education, by analysing in various dimensions by asking and discussing about AI, NOW, WHAT?, WHY?, WHY NOT? And HOW? Thus, emphasized on the areas of study in vision, audio, natural learning or language, algorithm, and hardware, which helps in aiding students with learning resources to execute for self-correction learning experience wherein it stands out from the traditional classroom. Even the role of the teachers is elevated into the role of facilitator in the future classroom setup.

The session was very much informative as it helped the participants to think and analyse in an innovative way to improve the teaching-learning process.

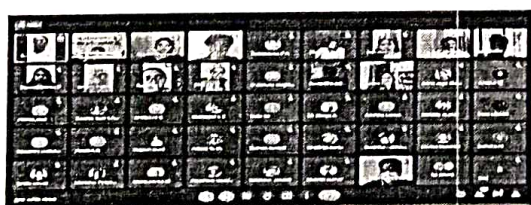

The main talk was followed by an interactive session, where the participants were given a platform to raise their comments and questions. Prof. Bindhu raised her comment by appreciating She also put forward the concept of trial-and-error method of Artificial Intelligence to understand the effectiveness and then widening the horizon for the betterment of education. She concluded the session by extending the understanding on why AI is important, the challenges and what are the steps to be taken with the conditions applied.

the resource person and expressed her opinion about the intervention of AI may or may not destroy the human emotions and intelligence. Since, humans have a background of animal origin.

The webinar came to an end as Miss. Dechamma, proposed the Vote of Thanks. The Webinar was wound up at 12.00 noon. Miss. Merlin T Mathew was the emcee for the webinar.

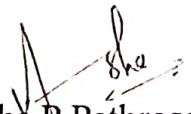

Around 150 delegates attended the webinar.

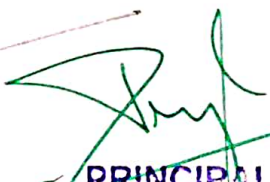

The overall feedback of the session reflects satisfaction by the participants.

**Teaching Social Science – New Trends By Mr. Yogesha K.A & Dr. Chaluvvarajaswamy**

Gone are those days of stereotyped classrooms and rote learning methods of learning. Student teacher interactions today are just a set of guidelines given from a more learnt to a less learnt individual.

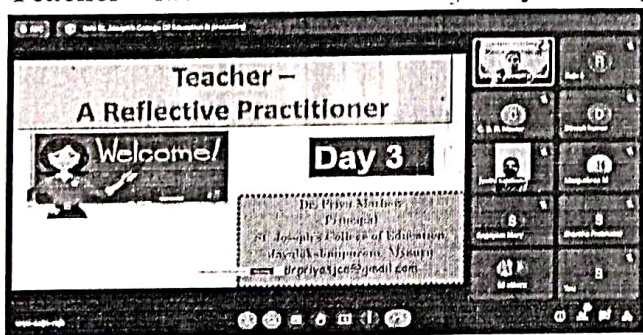

Student engagement in learning and understanding of materials is given more emphasis in today's education over spoon-feeding the facts thus, Innovative teaching methods in science can substitute traditional teaching techniques and encourage learners to research, explore, and use all the tools to uncover something new to achieve the goal.

Some ways of innovative problem solving is just to infuse science and mathematics in the contextual and visual approaches which includes

- Describing Variables in Science with reference to Algebra and Geometry of Mathematics
- Generating Formulae in Science and Mathematics by using learners' simple logic and own metric systems.
- Science and Mathematics in Games and Toys
- Role of Cognitive maps for teaching, learning and evaluation.

**Day 3: 20-07-2021, Time: 2.00- 3.30 pm For all teachers**

**Teacher – A Reflective Practitioner by Dr. Priya Mathew**

- Introduction about the characteristics of present generation students - Digital natives Vs Digital Immigrants
- Reflective teaching - Meaning and Model
- Reflective teaching is a process whereby teachers reflect on their teaching practices in order to examine the overall effectiveness of their instructive approaches. Improvement or change in teaching methods may be required, depending on the outcome of this analytical process, which is based on critical reflection.
- Ways to become a Reflective Teacher

- Ways to increase interest in the subject of social science among students
- How to teach Social Science using Technology
- Adopting a new methodology using Social Science teaching methods
- Some examples and illustrations of the subject from Social Science are to be applied to the context

**Day 6: 27-07-2021, Time: 2.00- 3.30 For all teachers**

**ENCOURAGE  
YOURSELF,  
BELIEVE IN  
YOURSELF AND  
LOVE YOURSELF.  
NEVER DOUBT  
WHO YOU ARE.**

Believe in yourself. You are braver than you think, more talented than you know, and capable of more than you imagine

- Roy T. Bennett

Believe in yourself and your feelings. Trust yourself to do what your heart is guiding you to do. Your intuition is powerful. Trust it.

Sometimes the difference in whether we succeed or whether we don't comes down to one simple thing – believing in our self. Have we ever thought about how much believing in our self makes a difference in our quality of life?

So to know about the impact of self esteem in one's life, we at St. Joseph's college of education organized a "motivational talk about Believe in yourself you can wonders" on 29<sup>th</sup> of July, where all the staff and students gathered on an online platform.

All the students were invited via WhatsApp group. They were informed about the timings of the program and cordially invited through WhatsApp group.

Ms. Hemavathi R started the program at 10:30 am with a beautiful quote about believe in yourself and gave few housekeeping notes.

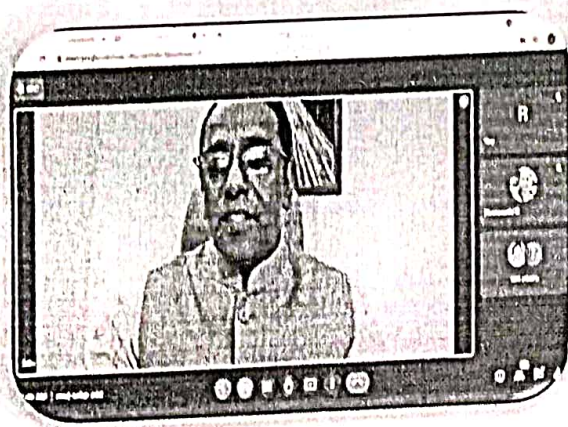

Ms. Caroline Charles invoke the almighty and began the session and Mr. Mario Trever present the invocation on screen.

Mr. Yogesha K.A Program coordinator welcome the virtual gathering and also introduce the resource person.

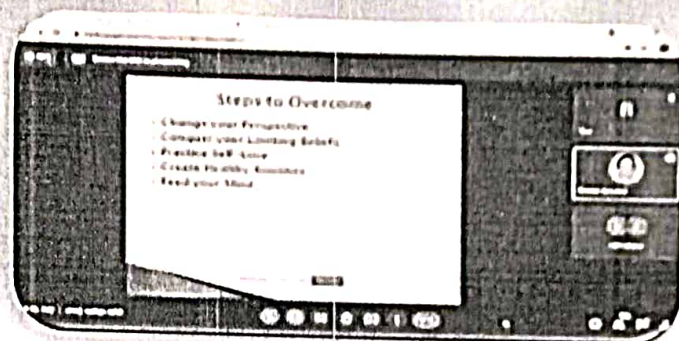

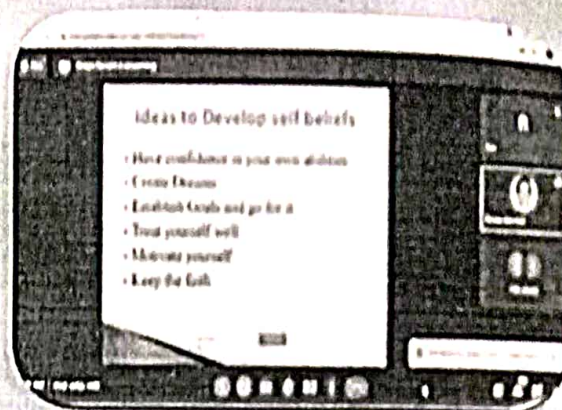

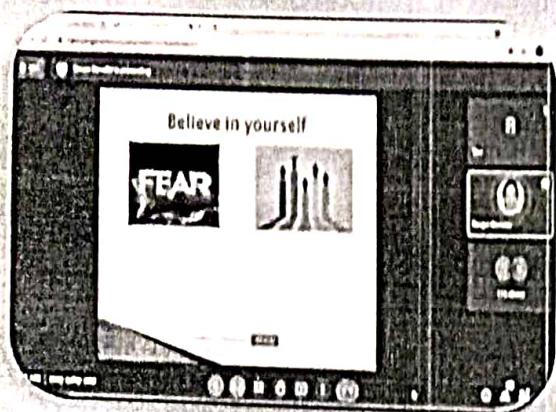

Mr. Seby Mavely, CEO Training and Development MDES, deliver the inaugural address.

Dr. Devaki K.K HOD, PG Dep. Of Commerce, MMK SDM College, Mysore commence the session, and spoke about the topic "Believe in yourself you can do wonders."

Ms. Rachel proposed the vote of thanks. And the webinar successfully ended with the active participation of the Participants.

A Report on, "CREATIVA" A one day workshop  
Organized by IQAC and Language club

On July 30<sup>th</sup> 2021 at 10.30am.

"Knowledge of language is the doorway to wisdom". We the language students had the privilege to attend the workshop and it was very informative and interesting as we need to march forward with our innovative idea to our classrooms and it is indeed the need of the hour.

There were 46 participants including our principal Dr. Priya Mathew who was a guide and encouragement throughout the session.

Miss Babitha of II year B.Ed had the privilege to anchor the entire session it was

indeed a pleasant and the eye catching. The session commenced at 10.30 am, with a prayer dance by Miss Raksha of II year B.Ed. Sr.Bincy Chairperson of student council 2021, welcomed the gathering through her precious words and introduced the resource person Mrs. E Jainy Francis, Education Consultant and Counselor to the gathering.

Dr.Asha P.Pathrose, Assistant professor, IQAC coordinator, Language club coordinator and programme coordinator inaugurated the virtual workshop on "CREATIVA"

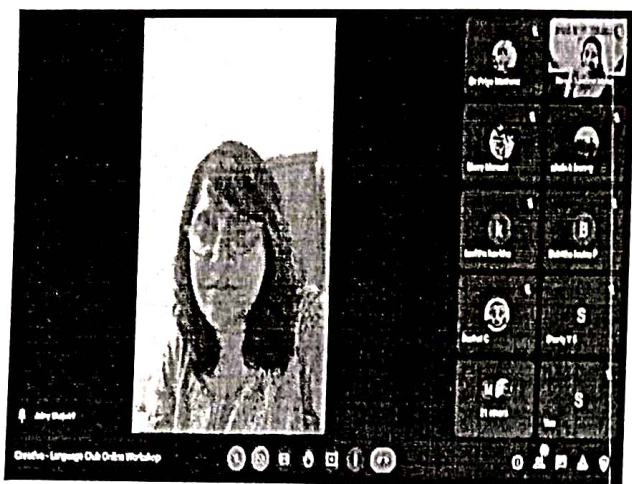

### About the workshop

The resource person began the session by asking us to write 3 words of 4 letters. Being language teachers we need to inculcate 3 virtues they are: LOVE, COOL and KIND. Language teacher plays an important role in the school especially in the

various programs at different level. She explained about Poster making, brochure/ Pamphlets, designing, notices, flyer, booklet.

The important characteristics of handout were explained in detail:

Announcement made, post doing, guest given, material used, attractive that we make, attentive, short and precise and print.

The Resource person introduced and helped us to use new apps like:

Poster laps

Photo poster

Postwrap

Canva

Digital flyer

Cover maker

Posteriod.

She also highlighted about the worth of vocabulary. Throughout the session resource person was flexible and approachable. There was time allotted to clarify our doubts.

Mrs. Caroline teacher trainee proposed vote of thanks.
